

SIGNATURE ARCHITECTURAL BLOCK SIDING
FROM ROSE OFFICE SYSTEMS, INC.

BUILDING FEATURES:

- Our signature "Architectural Block" Hardipanel Siding in stucco pattern
- Specialty brick look perimeter foundation cover
- EFIS trim package on corners, doors, windows & roof
- Designer paint colors

Rose Signature Architectural Block Hardipanel Siding is a new innovation in modular siding. The deep reveal edge pattern accentuates the seams rather than trying to hide them. This process eliminates the unsightly cracks that can develop over time. It also creates an appealing first impression for your commercial application. You won't find attention to detail like this with anyone else but Rose.

Don't

settle for unsightly seams like this:

When you can have this exclusive
Rose Architectural Block siding.

The quality difference is remarkable.

Over time exposure to harsh elements can cause Hardipanel seams to expand and caulking to show through the paint.

Don't be disappointed by the appearance of your modular building. Build it right the first time with Rose Signature Architectural Block siding. You will be pleased with the quality for years to come.
