GRACE CHURCH CLASSROOM TUSCALOOSA, AL

BUILDING FEATURES:

- Our signature "Architectural Block" Hardipanel Siding in stucco pattern
- Specialty brick look perimeter foundation cover
- EFIS trim package on corners, doors, windows & roof
- Designer paint colors

Rose Signature Architectural Block Hardipanel Siding is a new innovation in modular siding. The deep reveal edge accentuates the seams rather than trying to hide them. This process eliminates the unsightly cracks that can develop over time. It also creates an appealing first impression for your commercial application.
