Dear Garry:

The Guiding Light Church family would like to take this opportunity to express their satisfaction with the double wide portable office building that Rose Office Systems, Inc. setup in July, 2000 at our Roebuck facilities. Everybody is pleased with the installation, outside appearance, and internal decor. We commend you for the professional and caring attitude that you and your staff exhibited throughout the entire project. May God richly reward you.

In His Service,

Lawrence Conaway, Facilities Manager
